

Citizens Party's suggestions for voting preferences are below the candidates for each state.

The Citizens Party urges all voters to make your own decisions as to preferences. If recommended preferences would be helpful to you, however, here are the Citizens Party's suggestions. They are based on various factors, including our assessment of the quality of the other candidates, irrespective of their parties; and whether other candidates and parties support our key policies such as the post office bank, and opposing war. They are NOT an endorsement of any other parties or candidates—we have significant disagreements with all other parties, but we always look for common ground on which to collaborate. As the Citizens Party does not trade preferences or do deals, these are simply suggestions—you vote for whom you prefer.
