Aussie viewers very moved by Mr Bates vs the Post Office

Watch all episodes on 7Plus; send Australian post office interview to your MP

Aussies who care about fighting financial corruption are reporting being very moved by watching *Mr Bates vs the Post Office* last night on Channel 7.

The show exposes a great injustice which has rocked British politics, but which could also happen here if the government doesn't act on the concerns of Australian post office licensees, explained in Australian Licensed Post Office Group Executive Director Angela Cramp's interview with *Citizens Insight*: "[Aussie post offices know what Mr Bates is going through!](#)"

The good news is that all four episodes of *Mr Bates* are now available to watch on 7Plus, so people don't need to wait for the concluding episodes next week. 7Plus is free to stream, but requires viewers to register.

The ACP strongly urges ALL Australians who are sick of the financial corruption and injustice seen in the banking royal commission, the PwC auditors scandal, RoboDebt, the regulator ASIC's disgusting protection racket for white collar crime, and Scott Morrison's brutal bullying and removal of Christine Holgate as CEO of Australia Post on behalf of the banks and privatisers, to do two things ASAP:

1. Prioritise watching *Mr Bates* and sharing it everywhere;
2. Email the YouTube link of the Citizens Insight interview with Angela Cramp to your local federal MP and insist they watch it, and demand to know what they are doing to save postal services in Australia: https://youtu.be/Tbwtfyxe_uw?si=X47IJGp648EEsdi0
